

We require a \$200 bond with each hire, payable in cash or by card on the day.

We expect to clean the boat, including the BBQ after your hire, but we expect it to be left in a reasonable state. Any damage or excessive cleaning will be deducted from the bond. All rubbish is to be placed in the provided bins and the vessel left in a tidy condition. If excessive cleaning is required, a fee will be deducted from the bond. In particular, cooking oil allowed to accumulate on the floor will attract a cleaning fee. The BBQ is a high quality Southern Stainless Marine BBQ, we provide gas, and BBQ tools. We expect to clean it, but please scrape and place scrapes in the bin provided.

Marine macerating toilets block easily when instructions are not followed. Please pay attention to the signage in the toilet cubicle. A blocked toilet will attract a fee that will be deducted from the bond.

Food and beverages are BYO. Alcohol is permitted in moderation. Please monitor your guests and take steps to ensure their safety. As Renter you are responsible for the behaviour and actions of everyone you bring on board the vessel. We provide a large ice box, but BYO Ice.

Fun Boat is licensed to carry 20 people including children and infants.

Fun Boat is a commercially registered 1E passenger vessel. The area north of Sovereign Islands, including Coomera River and Tipplers, attracts a fuel surcharge of \$100. North from Tippers to the Jumpinpin area will attract an additional \$50 levy.

Planning is needed to reach some destinations due to tide and low bridge restrictions.

The renter takes full legal responsibility for all persons introduced by him/her during the rental period, including full responsibility for the behaviour of those persons. This is an essential term of this agreement. We reserve the right to return to the pick-up location earlier than the designated time without refund should any person introduced to the vessel by the renter not follow direction from the skipper. Be aware swimming can be hazardous at all times, and we take zero responsibility if any person is injured in any way if they step, jump, or are pushed off the vessel. Be aware it is an offence to jump off, or push someone from a moving vessel.

Signed by the renter after reading and understanding his/her obligations. Please communicate with the skipper for clarification of these obligations prior to acceptance.
